WHO ARE WE?

More than a DJ set, every Heartless Crew performance is an experience. Built on the traditions of Jamaican Sound System culture, no two shows are ever the same. Their ability to read a crowd, switch genres effortlessly and create unforgettable moments has made them one of the UK's most respected live acts.

THE HEARTLESS SOUND

THE LEGACY

Widely recognised as pioneers of UK Garage, Heartless Crew helped shape the sound that paved the way for Grime and influenced generations of British artists. Their impact on UK music continues to be celebrated through broadcasting, production, mentoring and unforgettable live performances.

"We're a Sound System at heart. Every performance is a team effort built around the crowd, the music and the atmosphere. It's about the Bashment. The dancing, the singing, the smiling faces and the unforgettable vibe."
